

# Protrack by Carmedis- Real time GPS Tracking Service for fleet

<https://app.protrack.ng>

The screenshot displays the Protrack by Carmedis web application interface. The main map shows a satellite view of Ikeja, Lagos, with several vehicle locations marked. A sidebar on the left contains a menu with 'Objects', 'Events', and 'History' tabs. Below the menu is a search bar and a list of vehicles. The bottom of the interface features a detailed view of a selected vehicle, 'EKY-609YK (Ikeja mini bus)', showing its address, speed, and other tracking data.

**Services**

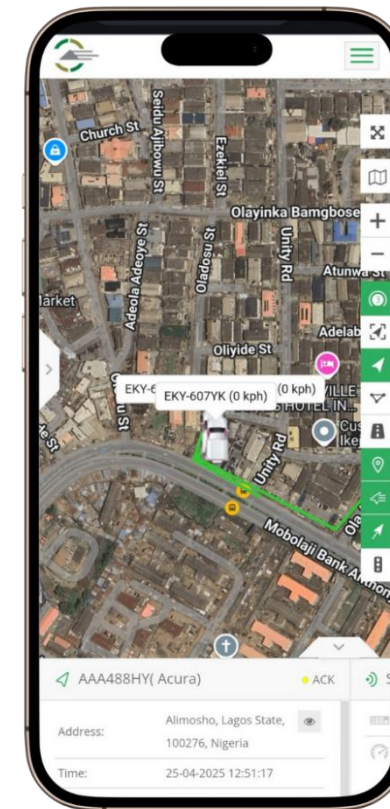

+ Add service

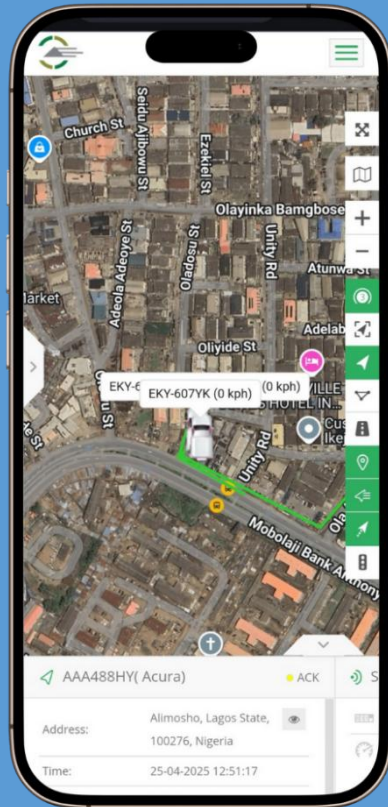

## Real-Time Tracking

Track the location of your objects (vehicles, people, phones, bikes, etc.) online in real-time.

Choose from the following maps: Google, Satellite, OSM etc.

View additional information about the tracking objects, including its speed, exact address, petrol consumption, travel history, etc

## Notifications

Get instant alerts about your tracking object.

Know when the object enters or exits a geo-zone, if it is speeding, and its stopovers.

Get SOS alarms if it has been stolen, and easily turn the engine on or off.

Get notifications to your iPhone, Android or Windows devices, via e-mail, mobile app or SMS.

## History and Reports

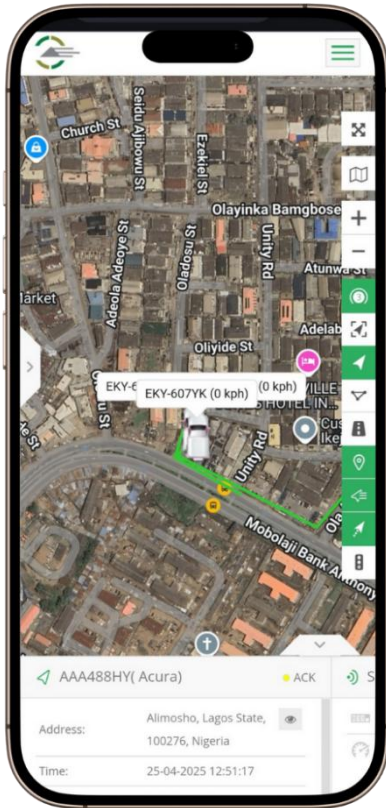

Download and review reports in different formats: XLS, PDF, CSV, TXT.

Reports include various information by date and the GPS tracker name, including driving hours, stopovers, distance traveled.

Detailed and group reports are also available.

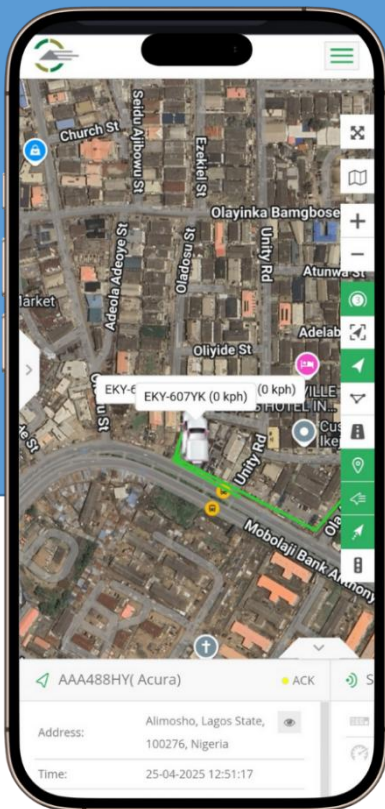

## Geofencing

The Geofence feature allows you to set up geographic boundaries around areas that have specific interest for you.

Receive automated alerts when the object enters or leaves marked boundaries.

### Tracker Features:

- Comes with an active Data SIM pre-installed.
- One year of data subscription included – no extra charges.
- Access to a reliable tracking platform for one full year.
- Real-time tracking and history playback.
- Nationwide support and customer service included.
- Supports vehicle security, fleet management, and driver monitoring.
- Can be integrated with the Carmedis App to get Mileage report and automated maintenance reminder.
